WHAT IS MOST

The mission of MOST Music is to boost the music market of the Balkans by connecting and supporting actors of the world music scene; artists, managers, festivals and institutions. MOST builds a bridge connecting the Balkans and the global music market, a bridge made up of personal connections, experience and exchange.

This Creative Europe-supported project channels the amazing potential and exciting cultural mix of the South East European region into the larger European circulation. MOST is focused on creating buzz around the contemporary Balkan music brand, actively looking beyond the stereotypes.

The project's scope in the Balkan region includes the following countries: Serbia, Croatia, Bosnia and Herzegovina, Montenegro, Kosovo¹, Albania, Macedonia, Romania and Bulgaria.

BALKAN MUSIC EXPORT PILLAR - FOR ARTISTS

The Balkan Music Export (BME) pillar aims to support world music artists from the Balkans, representing all related subgenres (using a broad definition of world music that includes traditional, folk, ethno, ethno-jazz, global beats and beyond), to connect to the global music market.

The project aims to jump-start the international career of artists in several ways. In this final round 10 artists will be enrolled in the Balkan Music Export pillar, receiving financial and other support, as well as greater visibility to create a buzz about world music from the Balkans.
